J.VILA

J. VILA

For nearly 40 years since J. Vila was established in Valencia, Spain in 1980, we have always been a customer-first company. Let us explain how.

If you are a dealer, you will find our wide collection of chandeliers and other lighting products easily adaptable to your business and also highly attractive to your customers. We design and produce all our products. We will listen to you, improve our products and help you satisfy your customers.

If you are a designer, you will find us reliable and responsible to work on your projects together. We have done a lot of projects. Some were enormous. Some were extremely sensitive. We can change our products however you like. We can also produce completely new products based on your ideas. We will be your handy factory.

If you know exactly what you need, we will make it available for you. If you are not very sure, why don't you just send us a photo of the room you want to decorate? We are a friendly company. We believe good communication makes miracles in business.

Currently, J. Vila understands Spanish, English and Russian. Feel free to contact us at sales@j-vila.com in one of these languages. We will get back to you shortly.

If you are looking for a very good company for lighting products, you already have the right catalogue in front of you. :)

Now let's get to business!
